Not Applicable	(0)	0	0.00%		

Response Rate	Mean	STD	Median
3/10 (30.00%)	3.67	0.58	4.00

25 - Please comment on the text and/or materials.

Response Rate	1/10 (10%)

• All provided materials were great for getting a better and more thorough understanding of the material outside of class. The online textbook with information on R was straightforward and utilized great step-by-step examples, which is perfect for something like coding. I definitely enjoyed the textbook on political analysis. It was always completely related to what we learned in class and explained important concepts in easily understandable and approachable ways.

26 - What were the instructor's greatest strengths?

Response Rate	1/10 (10%)

• Dr. Junqueira is incredibly organized when it comes to this class. When I've asked her questions she has provided me with thoughtful and detailed responses. Her lectures are straightforward and helpful for comprehension. She is a friendly and personable professor and cares about the students' performance and understanding of the course material.

27 - How do you feel the instructor could have improved the class?

Response Rate	1/10 (10%)

• On lab days, because most labs are due during the class period they're assigned, there's an opportunity to stay after class and continue working during Dr. Junqueira's office hours. However, I and some other students had classes right after political analysis and would not be able to take advantage of this if needed. This could lead to labs feeling rushed. I would, if possible, extend deadlines to the end of the day that labs are assigned because this sense of feeling rushed can lead to lower quality in work and less comprehension of the material.
